their evacuation. It transpires that the Italian consulate at Smyrns and the British and French railways were not damaged.

AMONGST THE DOMINIONS,

TORONTO, September 18. Although the Government has not considered the matter it is generally felt that a contingent of Canadiana will be sent to Turkey. A number of men. nearly all seasoned veterans, are at present ready to offer their services. It is suggested in some quarters that Canada's contribution might take the form of a large wellequipped Air Force which could be raised and despatched at a week's notice.

QUITE USUAL APOLOGIES.

LONDON, September 18.

The uncasiness created by Saturday's semi official statement has evoked a declaration from an authoritative source declaring that there is no question of the Cabinet undertaking anything in the nature of a new war or planning new naval or military operations. The question is simply one of protecting the Anglo-French and Italian troops in the neutralised zones and the Straits. We are not making war on anyone. If fustapha, does not violate the zones there will be no fighting but if he does the only alternatives seem to be to give way or to stand and fight. It is now established that Mr. Lloyd George, Earl Curzon, Mr. Churchill; Sir Mustapha shortly after his arrival in Smyrna intimated to a British representative that he did not regard himself as in a state of war with Britain. Lloyd and New Zealand that their prompt response to the inquiry regarding troops has been received with enthusiasm by the empire, which cannot consent to excrince the results of the gallant struggle and final victory of its some in the eastern theatre.

LONDON, September 18. It is learned authoritatively that forces of various kinds in England are already ordered to the Dardanelles. A further communication from Paris has been received at Downing Street and there is no anticipation of any serious difficulty in the matter of concerted action.

The commission decided to ask the League to authorise the placing of Nansen's organization at its disposal for relief work; also to request the council to make a grant to enable posimisary relief.

REJOICINGS IN INDIA.

Bonesay, September 18: The Mohammedans of India were celebrating the Kemalist victories yesterday. At the behest of the Khilafat committee it was made a day of prayer and thanksgiving. Mosiem quarters in Bombay were gaily beflagged and decorated. There were processions in the streets, which cheered for Mustapha Kemal and waved Tarkish flags. There were brilliant illuminations at night. The mesques were crowded with worshippers.

ELECTRIC FISH

SHOOKS FOR MAN CATCHING IT.

An encounter between a giant skate emitting electric shocks, and a fisherman has taken place in La Frénaye Bay, Cotes du Nord Department.

The man had caught the fish, but the moment he tried to handle it he received such a shock that he fell down. He next tried to drive an iron spike into the fish, but again he received shocks.

Determined to land the fish he held on. The shocks got weaker and weaker, till at last he was able to haul the skate aboard.

NEWCASTLE MYSIERY.

STRANGE STORY OF WELL-KNOWN MAN'S DISAPPEAR-ANCE.

A strange affair is agitating the minds of a good many people in Newcastle, A Gates head man, well known in business and religious ·circles, has mysteriously disappeared. It is suggested that he is dead; indeed, a brief obituary notice has appeared in the local paper, omitting reference to the interment.

It appears that when his office was entered a few mornings ago a bloodstained razor was found, together with his gold watch and chain and a letter addressed to his wife.

The office window, which overlooks the River Tyne was open, but there were no bloodstains on the woodwork.

Both the police and the man's relatives are uncommunicative ragarding the matter and it is impossible to get any information which would throw light on the mystery.

Two days later, Mr. Doyle said, he received a telgram from someone at Croydon, signed "Taylor," stating that some horses had won.

They then proceeded by taxical to a club in Covent Garden. "You wait outside," said the prisoner, "as you are not a member, and I will arrange about your payment. "

When he came out he said the secretary or someone in authority who would pay the money was not in, so he had arranged to return at 12 C'clock prompt next day.

Mr. Doyle said he turned up as stranged, but the prisoner was not there and, being suspicious, he went to the club in Covent Garden, where he ascertained that the prisoner had applied for membership the previous day, but had been refused.

The secretary of the club told him he was afraid he had lost his money for good. The Magistrate: And he prophesied

correctly. Mr. Freke Palmer, for the defence, submitted that there was no evidence

of larceny. A MILLION TO ONE. Mr. Doyle said that while on a visit to Southampton he recognised the prisoner and gave him in charge, although he had been told at Scotland Yard that his chance of finding him was a million to one.
